

Section of website: "Scannesi around the world"

In order to create this section of the website, we would need the help of many resident Scannesi or otherwise.

We trust, in this context, in the collaboration of anybody that has contacts with relatives or friends that live abroad.

We'll prepare, therefore, this new section of the site with the aim to reunite the most numbers of Scannesi living presently in various parts of the world in order to install a lasting contact among those that live far away from our beautiful village and among those that would like to have news from their far away relatives.

Our goal is to create a (web of contacts) for those people that had to leave their beloved Scanno to start a new life in far away places.

We would like to strengthen, in such a way, the sentiments of attachment to our origins by providing useful information about :

- ↔ A newsletter (with brief news and clips from Scanno)
- ↔ Genealogical research (to update information about own relatives)
- ↔ Rediscovery of your family roots
- ↔ Success stories that you would like to share.

We know as a fact that there are a multitude of Scannesi spread around the world in countries like :

- United States
- Canada
- Australia
- South America
- Europe

Therefore, here we have an opportunity to create a (big virtual family) through the Internet ...
...let's hear from you !

We expect eagerly your helpful hints and submissions in order to setup a solid web of human contacts that will be part of our indelible heritage.

Thank you, in advance, for your collaboration !
